To which is prefix'd the Life of the Author, newly compiled from Materials more ample and authentick than have yet been published.

By Mr. OLDYS.

Also his Trial, with some Additions; together with a Table of Authors cited by him, and a new and more copious Index to the whole Work.

Sir Walter Raleigh's History of the World *is a Work of so vast a Compass, such endless Variety, that no Genius but one adventurous as his own, durst have undertaken the great Design. I do not apprehend any great Difficulty in collecting and common-placing* an Universal History from the *whole Body of Historians; that is nothing but mere Labour. But to digest the several Authors in his Own Style, to take in all their Majesty, Strength, and Beauty, to raise the Spirit of meaner Historians, and to equal the Excellencies of the best, is* Sir Walter's peculiar Praise. His *Style is the most perfect, the happiest, and most beautiful of the Age he wrote in, majestic, clear and manly; and appears every-where so superior, rather than unequal to his Subject, that the Spirit of* Rome *and* Athens *seems to be breathed into his Work.*

Henry Felton, D. D. in his Dissertation on the Classics, *p.* 216.

Concerning Gleets *and* Seminal Weakn*esses of all Kinds.*

ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses, whether occasion'd by too severe purging for Venereal Injuries, violent Strains, Pollutio sui, or any other Cause whatever; tho' that they are dangerous in their Consequences, as well as difficult to cure, is as certain, since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption, which frequently terminate in Death itself.

All such, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effusions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the Dibetes, Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe, and speedy Cure, which they most assuredly may, by taking only a small Quantity of a transcendent Balsamick Restaictive Electuary, now published for a general Good, after having for many Years been experienc'd never once to fail perfectly curing the most Stubborn Gleets known in a few Days, without Difficulty or Trouble; as also all other Weaknesses of the Back, Reins, Seminal Vessels, and Urinary Passages, whichit almost instantly cures, bringing to rights and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.

This transcendent Balsamick Restaictive Electuary is neither disagreeable to take, nor occasions the least Confinement, but is a wonderful Restorative in all Weaknesses and Debilities of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels to an immediate Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other Remedy yet found out; so that all Persons fatigu'd with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprised at it.

When a Medicine will infallibly accomplish such a speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weaknesses are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been tried in vain; too much cannot be said in it, and more All who ever took it for any of the above-mention'd Purposes have readily declared.

The Price is but 6s. a Pot, altho' for its absolute Efficacy one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten times as much, and by the Author's special Appointment, is to be had only at Mr. Read's Toy-shop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up, with a Book of Instructions, which whomsoever carefully reads will presently know, when the Gleet or Weakness he is afflicted with succeeds a Venereal Injury, whether all the Malignity of the Foul Disease is intirely eradicated or not.

Note, Ask only for a 6s. Pot of Balsamick Electuary.
